

# ELITE CHIROPRACTIC

---

203 Avoca Street, Randwick, NSW, 2031 T 02 9314 5080 E welcome@elitechiropractic.com.au

**10 May 2010**

I have been using the SOHO chairs from UES Seating's Wellness range since October 2008. Initially I was drawn to these chairs because of the endorsement by the Chiropractors' Association of Australia. What I discovered was a product which embodies quality and excellent value for money.

The SOHO and Diplomat chairs are sturdy without sacrificing comfort. They are easy to clean and simple to operate.

Even my patients are impressed by its unique design and comfort. To date a fashion photographer and a surgeon have purchased the SOHO chair and they love it.

As a Chiropractor, I find these chairs ideal due to:

- the design of the frame promotes ideal posture and supports the spine
- the ease of operation
- the breathable fabric keeping one comfortable
- the elasticity of the fabric minimises pressure sores

Just as important as the chair is the attentive and expedient service from Paul and Greg. They really go the extra mile to ensure satisfaction. My patients appreciate receiving their chairs earlier than promised.

Great chairs, great service!
